NEXT MONTHLY GENERAL MEETING:

Postponed

ONE STEP FORWARD TWO STEPS BACK

Things were looking up, we were starting to peak out of our houses and the hope for a normal 2020/21 race season was getting stronger. Unfortunately with the most recent announcement from the Victorian State Government that restrictions are remaining in place in some areas and tightening in others, we have to continue to be patient and stay safe.

That being said, we are still optimistic for a normal return to racing come November, and are continuing to plan for that eventuality.

AGM

With the tightening of gathering restrictions, we are unable to host an AGM just yet. We feel that an online (video conference) AGM will not give our members the best opportunity to have their voice heard. We are in a lucky position where we can wait a little longer in the hope of being able to have a face to face AGM. We will monitor restrictions and advise of an AGM date as soon as possible.

In the meantime, the 2019/20 Committee will continue to act in their roles, including the planning and setting up for the 2020/21 race season. Club members are however encouraged to reach out to their committee should they have concerns, comments, suggestions or wish to put their hand up for roles for the 2020/21 season.

2020/2021 RACE CALENDAR

The Committee are very excited to release our calendar for the 2020/21 race season. With COVID-19 restrictions still in place and no clear timeline outlining how and when they may be lifted, this calendar is subject to government restrictions and may be changed at any time.

There are lots of events to be excited about on this calendar, the Super Rods return for the rerunning of their 2020 State Title, the GOSA sedans for their 2021 State Title, as well as the Standard Saloon Super Series, Victorian Street Stock Series, Junior Sedan Promotion Association Series, and VSC Open Junior Series.

We welcome back the Wingless sprints for three club shows, SDAV Hot Rods, ACMAS, Compact Speedcars, Victorian Mini Sprints, Sport Sedans, V8 Super Modifieds and the V8 Trucks!

Lastly we're excited to announce the VSC Formula 500's "Pioneer Cup". The Formula 500's are an always reliable support class, this is their opportunity to shine!
